Yaounde, on 25 NOV 2020

PRESS RELEASE

Under the Agreement of the Prime Minister, Head of Government, the Minister of Small and Medium-sized Enterprises, Social Economy and Handicrafts **Achille BASSILEKIN III** launched on 5 October 2020, a call for applications to support local production in the face of the socio-economic impact of Covid-19. This support of CFA francs 2 billion under the Economic Recovery Fund for the benefit of the productive sector was then part of the Government's Economic and Financial Resilience Programme for the fight against the Coronavirus (COVID19), and its economic and social consequences.

At the end of the pre-selection process carried out in all the divisional delegations, on the basis of the conditions and criteria previously agreed and disseminated, the application files of Small and Medium-sized Enterprises promoters (SMEs), craftspeople and Social Economy Organisations that had met the said eligibility conditions were sent to the "**Task Force**" housed in the central services of MINPMEESA.

In total, all sectors combined, 1,171 application files were received, 557 from affected SMEs and 614 from crafts people and Social Economy Organisations promoters manufacturing face masks and hydro-alcoholic gels.

With regard to the applications from hard hit SMEs by the pandemic, 291 applications were definitively eligible.

As regards the files of craftspeople and Social Economy Organisations promoters manufacturing face masks and hydro-alcoholic gels, 429 applications were definitively eligible.

For a total of 720 applications definitely selected out of the 1,171 applications received. The list of enterprises definitively selected throughout the country and sent to the Ministry of Finance for payment by **mandate and bank transfer** is as follows.

I. DIRECT SUPPORT TO HIGH-POTENTIAL SMES AFFECTED BY THE PANDEMIC
